

WELCOME TO PUCKMASTERS HOCKEY TRAINING!

Welcome to Puckmasters Detroit! We are an all-encompassing, 15,000 square foot, state of the art hockey training facility. We pride ourselves on being able to provide a personalized overall experience for each one of our clients.

We have two sheets of ice (100x44 & 63x44) that allow us to work with each one of our clients in a 1 on 1 or 2 on 1 setting. Our facility provides a welcoming environment that no matter your skill, age or experience, individual development is always at the forefront of our minds. In an effort to be able to reach and teach hockey players of all backgrounds, we have great on-ice staff that possesses a lot of experience both playing and coaching.

Away from the on-ice product, we have a multitude of off-ice activities to help take your game to the next level. Whether it's our skating treadmill or shooting lane, our coaches are able to show each student practice techniques they can then take home and work on away from the rink. Our Super Deker products also get a lot of play throughout the day. They have become a staple of the off-ice portion of our lessons and provide a great opportunity to further develop your stick handling ability.

To us, it's not just about getting better at hockey. Building confidence, creating a work ethic and lending an ear/advice to our clients is paramount to what we are all about and how we operate. Oftentimes hearing a voice other than mom/dad/team coach helps with your player and we are a trusted voice that you can count on.
